

NO MATTER WHAT

Terry Fox Team Challenges

Multiply your impact by challenging other workplaces or organizations to join your efforts!

The more the merrier when it comes to fundraising for cancer research. Reach out to your organization's suppliers, competitors and partners and ask them to join you for the Terry Fox Run. Setting up challenges between teams can help motivate your teammates and can ensure you all have some serious fun!

First Past the Post

Challenge another workplace or organization to join your fundraising efforts. First team with 10 registered participants wins the challenge.

50%, 75%, 100%

Send the team that reaches their fundraising milestones pizzas or treats, or make the "losing" Team Captain wear the swag of the other company for a day!

Office Olympics

Pay to Play office challenges on a Friday afternoon! Take an hour on a Friday, set up games like Ring Toss, Putting Challenge, etc. and have some team fun!

Treasure Hunt

Create a scavenger hunt around some local businesses and challenge them to compete by donation. Provide prizes for the winners and donate any money raised.

Host a Silent Auction

Ask local businesses to donate goods and services and host a silent auction with the proceeds going to cancer research. Ask the businesses to form their own Run team when you ask for donations!

Sports Challenge

Organize a softball or soccer tournament between local businesses. Each team donates to play. Request a donation to play or watch and for donated snacks.
